

AquaCell SC/EX Modules – 15 Year Extended Warranty

- In addition to the standard warranty, Wavin offers a 15-year extended manufacturer's warranty for AquaCell SC/EX infiltration & detention modules.

WARRANTY DECLARATION & CONDITIONS OF THE WARRANTY EXTENSION

- **Register the product within 30 days of delivery** using the provided registration form or online portal to activate the extended warranty.
- We are liable for defects in our product in accordance with our General Terms and Conditions, available upon request or at https://wavin.us/hubfs/WA_TCS_US.pdf.
- A defect within the meaning of this declaration does not exist if only the installed system, but not the product itself, has a defect.

If your contractual claim for defects is time-barred, Wavin is still prepared—regarding the products listed and delivered for the project named in the attachment, and used within the United States—to provide the following remedy within 15 years from the transfer of risk, provided the defect existed at that time and is proven:

- At Wavin's discretion, repair the defect or deliver a new, defect-free product.
- At Wavin's discretion, perform or arrange the necessary work for locating damage and installing/removing defective products, up to the maximum reimbursable limits converted to USD (based on a 30-day EUR→USD average).
- Compensate for property damage within the same applicable limits, provided the damage was foreseeable.

PREREQUISITES

- All affected products must be AquaCell SC/EX Modules.
- You must notify Wavin immediately upon discovering the defect.
- Wavin must be allowed a reasonable opportunity to inspect the product.
- Installation must follow recognized U.S. industry standards and Wavin installation instructions.
- Delivery receipt, storage, and installation must be documented with photos.
- Proof of functionality must include visual inspection before installation and camera inspection before project acceptance.
- The product must have been used, installed, and maintained properly.

TRANSFER OF RISK — DEFINITION

Transfer of Risk refers to the point at which responsibility for the product passes from Wavin to the purchaser, occurring upon documented delivery to the purchaser's designated location.

WARRANTY – PROJECT REGISTRATION FORM

(To activate the warranty extension, register the product within 30 days of delivery by completing and returning this form and acknowledging the Jobsite Delivery Instructions included in the Wavin AquaCell Installation Guide were followed.)

1. Details of AquaCell Product Purchased
